

Vale Margaret Sirl

Margaret sadly died from a brain Haemorrhage last night in Canberra Hospital. Margaret was a very special person to each, and every one of us. Our community was richer for her tireless volunteering. Her gardening knowledge was unequalled and her willingness to share this knowledge helped many of us in our own gardening journey. Her lovely smile and beautiful personality will be sorely missed at our VIEW dinners. Rest in peace Margaret.

BEGA EVENING VIEW CLUB

3rd September 2021

DATES TO REMEMBER:

- Maybe? October Dinner - Trading Table

Next meeting; We would like it to be October but will not really know until the end of September when Lockdown may (?) change and allow a little more freedom. Watch this space!

Sending out warm wishes.

Birthdays: August. 5 Sandra Mullaney, 9 Anne Ubrihien, 13 Beverley Bell, 28 Pam Jordan

September: 14 Ellen Harris, 19 Teresa Taylor, 23 Marie Watson, 28 Carleen Maley

This is a trying time for everyone. We need to reach out to each other, make a phone call and have a conversation, send a funny email, do some gentle exercise like walking or gardening. The trees are really blossoming with gardens showing their colours, so enjoy and look after yourselves. Thank you, Margaret Ritchie for keeping us informed.
