## President's Message

Although it was a month late, thankfully, we were able to celebrate our 31<sup>st</sup> Birthday last month. Now we find ourselves heading towards our customary Melbourne Cup and Christmas meetings. Before then, today, we will be electing a new Committee to guide us through 2022, hopefully with fewer challenges than we have experienced since March 2020

For many of us, this year has meant being unable to travel or be with our interstate and overseas friends and families; however, Face Time, Zoom and other online methods have been useful methods of communication.

Today's speaker, Barry Collis, will give us another way of being "up close and personal" with loved ones, through the organization he represents, Angel Flight.

I look forward to seeing you at our October meeting.

We all get heavier as we get older, because there's a lot more information in our heads. That's my story and I'm sticking to it.

We are able to accommodate 60 people this month SO..

REMEMBER TO

Kids today don't know how easy they have it. When I was young, I had to walk 9 feet through shag pile carpet to change the TV channel.
