## Message from our President

Didn't we have a wonderful meeting last month when we celebrated our 32<sup>nd</sup> Birthday with a display of the beautiful creations made by 18 of our members, complemented by entertainment from artist/musician John Fegan? Now we're into September and the final quarter of the year during which we need to make plans to fill some positions that will occur with the stepping down of several long serving Committee members. If we are to maintain Chapel Hill VIEW Club as a friendly, welcoming women's club whose members support disadvantaged Australian children, we need you to consider nominating for a position, even if you're relatively new to the Club. You will be given every assistance to move into a most satisfying role. September brings us to the ninth month of our calendar (though septem means seven). It's all the fault of the ancient Romans who expanded their calendar from its original 10 to 12 months. If you have listened to his talk back programs on ABC radio, you will know that today's speaker, Emeritus Professor Roly Sussex, AM, will provide many intriguing insights into the English language, particularly as it is used in Australia. He will be sure to welcome your questions!

Robyn

Chapel Hill VIEW Club acknowledges the traditional owners of the land on which we meet.  
We pay our respects to elders, past, present and emerging.

### DID YOU KNOW....

\* In 1980 the Yellow Pages accidentally listed a funeral home under Frozen Foods (Thanks Logan VIEW).

\* Vacuum cleaners were originally horse-drawn. One of the earliest known vacuum cleaners was so large that it had to be hauled from house to house via horse-drawn carriage. Its giant hoses were popped through customers windows and a gas-powered motor generated the suction that pulled dirt and debris into a glass container where onlookers could gawk at the volume of filth coming from their neighbours' homes! (Thanks Mr Google)
