

THE VOICE OF VIEW

Looking for something to do as we transition from isolation?

We want to hear from you the Voice of VIEW.

Through our Resolution process, we are able to collectively identify and articulate important issues for influencing social change in Australia.

As we isolate during COVID-19, I encourage you all to think about submitting a motion/resolution on matters of National significance, which will raise our profile as a women's organisation, and strengthen our Voice.

The three Resolutions debated at 2019 VIEW National Convention were:

- Social and Affordable Housing for older women
- Increase and accelerate efforts at reducing child poverty across Australia
- Wage Parity

Letters were forwarded to relevant State/Federal Governments lobbying on each of these issues.

In relation to "social and affordable housing for older women" the NSW Land and Housing Corporation responded – assuring VIEW that our feedback will be taken into account as the NSW Government continues to explore issues surrounding the supply of social and affordable housing - VIEW members can be reassured that their voices have been heard.

We look forward to receiving your submissions soon! For more information and to download your Voice of VIEW form go to view.org.au/Resources/Forms.

Regards
Beryl Pike
