

VIEW CLUB SONG

Written by: Paul Schramm

Performed by: Paul Schramm and Paul Mesecke* at National President's Dinner in Adelaide on Thursday, 8th September 2022*

Well, hello, and welcome ladies
To the VIEW club here today
Its your dedication
That help the kids all make their way

Look around and smile at each other
Even if you're not sure what to say
Because making and keeping good friends
Makes our club better every day

(CHORUS)

Well hello, and welcome ladies
To the VIEW club here today
Its your dedication
That help the kids all make their way

Now listen carefully, read the book
We've got fun things to shout about
So get your name down early
Make sure you don't miss out

We all look forward to getting together
Talking to our new friends
Drinking wine, we love to dine
I hope it never ends

(CHORUS)

Well hello, and welcome ladies
To the VIEW club here today
Its your dedication
That help the kids all make their way

Now let's get a little serious
Because we all know why we're here
We want to raise lots of money
So the kids can hold back their tears

So welcome VIEW club ladies
This song is just for you
You make kids laugh, you make them smile
With every deed you do
(repeat)

So welcome VIEW club ladies
This song is just for you

You make kids laugh, you make them smile
With every deed you do
